

BIO: SHEILA STEWART

Sheila comes to ACE, LLC SOLAR with great energy and business knowledge, as well as, extensive B2B and B2C sales experience. As a 15-year veteran in the energy industry, Sheila has also engaged in efforts for promoting energy efficiency by working with the Department of Energy (DOE), Southeast Energy Efficiency Alliance (SEEA), and Alabama Department of Economic and Community Affairs (ADECA)

During her previous employment, she began her journey as the Business Administrator for a small non-profit organization whose main focus was on energy efficiency, conservation, and education. Within three years, she soared from Business Administrator, to Marketing Coordinator, to Program(s) Manager. She performed QA inspection on retrofits and conducted Energy Assessments.

Sheila hold two Associate's Degrees (one in Electrical Engineering and one in Mechanical Engineering) and a Bachelor's Degree in Business Communications from Jones International University. Sheila is a Building Analyst, certified by the Building Performance Institute (BPI).

Sheila is a U.S. Army veteran and resides in Huntsville, AL. She also has a background in nuclear power generation having served 13 years in power production with TVA at various locations.

Sheila is a member of the Alabama Solar Association, Her desire and passion for alternative energy is the motivating factor for by which she chose ACE, LLC SOLAR. Seeing that there is a brighter future for renewables gives her a new passion.

ACE, LLC SOLAR proudly welcomes Sheila to our team.
